

## PROFILE OF SNAP HOUSEHOLDS

### Florida Congressional District 4

The Supplemental Nutrition Assistance Program (SNAP) is the cornerstone of the Nation's nutrition assistance safety net. Benefits are available to most people who meet the financial and nonfinancial requirements, and the program serves a broad spectrum of low income people. In Fiscal Year 2013, SNAP provided about \$5.9 billion dollars in food benefits to a monthly average of 3,556,473 people in Florida. The program served 90 percent of those eligible for benefits in Florida in 2012. SNAP also has an economic multiplier effect; every dollar in new SNAP benefits results in \$1.80 in total economic activity.

The American Community Survey provides a snapshot of SNAP participants in 2011-2013 for each Congressional District. More detailed information for the Nation and each State is presented in *Characteristics of Supplemental Nutrition Assistance Program Households: Fiscal Year 2013*, available at <http://www.fns.usda.gov/ops/research-and-analysis>.

#### Florida Congressional District 4

Characteristic	Households Receiving SNAP	Households not Receiving SNAP	Total
Households	27,807	239,335	267,142
With one or more people 60 years and over	26.5%	34.6%	33.8%
