

Indiana MIS and EBT Implementation

Indiana WIC

- 40 local agencies
- 150,000 monthly caseload
- 140 clinic sites
- 500 system users
- 750 authorized retailers
 - < 100 stand-beside machines
- 3 Sigma and Xerox

MIS Transition

- Get access to your new system as quickly as possible
- Dedicate regularly scheduled time to convene and review system
 - Leads to more efficient and productive JAD sessions
- Know your implementation schedule

eWIC

eWIC Implementation

- Communicate with vendors early, often, and repeatedly
- Identify which vendors will likely require stand-beside devices
 - Vendor mgmt. staff conducted survey which was supplemented by Xerox survey
- Make PLU mapping decision

INDIANA'S WIC INFORMATION SYSTEM

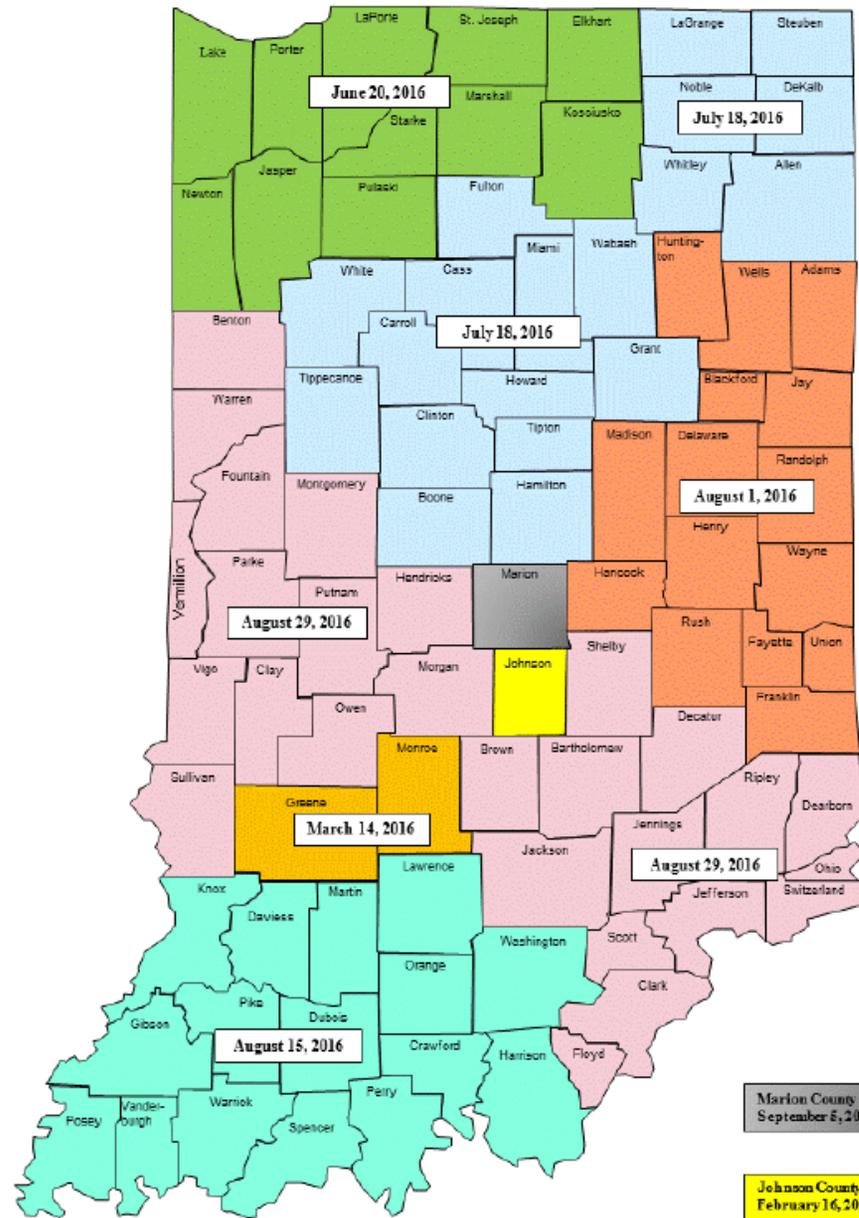

WIC PROVIDES GOOD FOOD
AND A WHOLE LOT MORE

Use of this system is authorized only to registered Indiana WIC Program users and limited for approved WIC business purposes. Unauthorized access is prohibited. Anyone knowingly or intentionally accessing State of Indiana or U.S. government information resources without authorization faces termination of employment or contract, prosecution where applicable, and fines/imprisonment if found guilty. All system activities may be recorded/monitored.

Statewide Rollout Schedule

- Administrative and Super User Training
 - 4 days
- Clinic Staff Training
 - 2 ½ days, 4 sessions per week
- Go Live
